TRIAL ENTRY INFORMATION

Trial Entry Open and Closing

- The draw period for the trial will open on Wednesday, March 19, 2025 at 12:00 PM EDT Entries will be awarded by random draw of all entries received between 12:00 PM EDT Wednesday, March 19, 2025 and 12:00 PM EDT March 21, 2025.
- Trial entry will close at the end of the draw if the trial and wait list are deemed full. If the trial and wait list are not full, the trial will remain open for entries until they are deemed full or the day of the trial.
- We will not be taking payment until you are given a space in the trial. If you are given a space in the trial, you will

receive information on how to submit payment. You will then have 48 hours to complete your payment to confirm your space in the trial.

Entry Method

All entries will be on-line via the link provided to the NACSW trial entry form. Paper and phone entries will not be accepted. Completing the form is not a guarantee of entry. You will receive a confirmation from the Trial Secretary judymcp@outlook.com to let you know if your entry has been given a space in the trial.

Entry Requirements & Selection

A Qualified Entry is one that meets all the following criteria:

1. Complete the on-line trial entry during the draw period listed above.
2. The Handler is a NACSW member in good standing for the 2024-2025 membership year (8/1/24-7/31/25)
3. The Dog is registered and in good standing with the NACSW.
4. Dogs participating in a trial must be at least one year of age.
5. The Dog has achieved the prior title level and ORT title (passed all 3 odors) at least 14 days before the trial opens for entries. This applies to all levels.
 - Qualified entry for NW1 – Dog has not yet earned a NW1 title level.
 - Qualified entry for NW2 – Dog has earned a NW1 title level and has not yet earned a NW2 title.
 - Qualified entry for Level 1 Containers– Dog has not earned the Level 1 title for Containers
 - Qualified entry for Level 1 Exteriors– Dog has not earned the Level 1 title for Exteriors

Trial spaces will be determined in the following manner:

- Spaces will be awarded by a random draw of all Qualified Entries received during the draw period listed above.
- Once the trial opens for entry, if you are having technical difficulties entering during the 48 hour draw period, please email trialeentry@nacsww.net prior to the end of the draw period. For any other questions that are not related to the trial entry system, contact the judymcp@outlook.com.
- No dog will be given a space in more than one trial of the same level and type at a single event.
- You may enter multiple dogs for entry in the draw. However, only one dog/handler per title level will be accepted into the trial. Entry will go to the dog selected in the draw – you may not swap to an alternate dog. If multiple dogs are selected in the draw, you may select which dog you wish to enter. Once a dog has been entered as a second dog/handler entry, you may not swap handlers after the draw to change the entry to a first dog/handler unless the trial is not full.
- If a trial level is not full after the draw of Qualified Entries, then there will be a Secondary Draw of any entries received that did not meet the ORT title or title requirements. These entries will be accepted pending completion of the requirements. **Note:** dogs must earn their ORT title and prior title level at least 3 days prior to the trial date to be eligible to compete. If the required title or ORT title is earned less than 14 days prior to the event, it is the handler's responsibility to notify the judymcp@outlook.com that the requirement has been completed.
- If the trial level and wait list are not full after all entries received during the draw period have been processed, entries will continue to be accepted in the order they are received until the trial and wait list are deemed full.
- For Exhibit Only Dogs (FEO): Dogs running FEO are not eligible to receive titles or earn placement ribbons. FEO results will not be included in the posted trial results.

If space remains after all qualified entries are accommodated on March 31, 2025, then we will offer spaces for those who wish to run a dog For Exhibition Only (FEO). Second dog/handler FEO entries on the same day will be offered spaces after March 31, 2025. The trial host of an event has the right to refuse entry of any handler or dog for just cause as approved by the National Trial Committee. Just cause includes lack of adherence to NACSW rules and guidelines and the policies outlined in each event entry premium.

- Some trial entries may be given priority entry based on contributions to the organization and the trial process.

LOCATION DETAILS

ADA Site Specific Conditions

Terrain is a combination of paved and gravel roads with some grassy and or sandy areas. There will be long walks to the search areas.

Due to unforeseen conditions, such as weather or change in availability of areas at the location, these conditions may be modified at the last minute.

Modeled after real-life detection work, NACSW events are held in many different locations, with a variety of terrain, under varying weather conditions. Dogs and handlers need to be able to safely negotiate a variety of surfaces, including, but not limited to, tile, linoleum, carpeting, gravel, asphalt, uneven surfaces, and slippery footing. Handlers should be prepared to deal with a variety of weather conditions, including heat, cold, rain and snow. Events frequently require covering extensive distances to get to and from the parking area to each of the search areas and generally require that this be done across natural, uneven surfaces. Handlers should be prepared for the physical demands and must be able to navigate the terrain with their dog accordingly. Handlers should expect to spend most of the day outside or in their vehicles as there are rarely indoor crating options at events. Please be prepared for you and your canine partner to deal with all of these varying environmental challenges. Handlers should familiarize themselves with potential regional risks and health concerns that

may affect themselves or their dogs. Handlers agree that they are entering this event at their own risk.

Although the trial site is a developed County fairground, please be aware that alligators and other predators inhabit this part of Central Florida. Safety first. Please stay away from bodies of water and do not feed the wildlife.

Due to unforeseen conditions, such as weather or change in availability of areas at the location, the details below may need to be modified at the last minute.

Parking

The parking lot will be grass with no shade. However, indoor crating is available.

RV Parking

Competitors may not park overnight at the site in RVs or any other vehicle. There is space for RVs to park in a designated parking area that is some distance from the crating building during the day. Due to line of sight issues, competitors and spectators will not be able to access the RV parking area during the day. Please email judymcp@outlook.com if you are unsure about parking.

Running Vehicles or Generators in the parking lot

Running your vehicles or generators in the parking lot is allowed at this event as long as you are willing to park away from others, but subject to line of sight restrictions.

Reactive Dog Parking

There will not be specific reactive dog parking at this event.

Unentered Dogs

Space is limited in the air-conditioned crating area. Weather is too warm for unentered dogs to remain in the handler's vehicle during the event day. Therefore, we are unable to accommodate unentered dogs except for volunteers and with prior approval of the Trial secretary.

Crating Options

Crating will be inside an Air Conditioned building. There is no shade on the site and crating in cars is not advisable and could be hazardous in Florida in late April. ALL DOGS IN THE AIR CONDITIONED CRATE BUILDING MUST BE SECURELY CRATED. NO EXPENS MAY BE USED AS A CRATE. NO UNENTERED DOGS ALLOWED ON SITE except for approved volunteer dogs. PLEASE COME PREPARED TO CRATE YOUR DOG IN THE AIR-CONDITIONED BUILDING. That means bring a secure crate for your dog and a chair for yourself, crate covers and other equipment, as needed. There will be parking for competitors close to the crating area for cars and vans, but not for RVs. Access to RVs may be restricted during the trial in order to protect the integrity of search areas.

Upon arrival participants will drive to the back of the air-conditioned crating building. Competitors may be provided with assistance at the back door of the crating building. Competitors will unload cars and bring crates, folding chairs and other equipment into the building. Participants will set up crates and then return to vehicles to bring dog into the building. Folks with RVs will enter from the front of the building and once their crate is set up will move their RV to the more distant RV parking area and walk back to the crating building.

Due to potential line of sight issues, competitors will not be able to return to RVs until the end of the trial.

Once competitors are settled in, they may proceed to the registration area which will be in or near the crating building. When in the crating building, all dogs must be in crates unless actively traveling to / from potty or search areas. Dogs may not be held in laps or otherwise kept out of their crates. Except when the dog is actively searching, dogs must be on a lead that is no longer than six feet. Flexis are not permitted except when the dog is actively searching. An area of the crate building will be designated as a red bandana area. The reactive dog crating area will reduce, but not eliminate, proximity to other dogs.

Facility/Site Prohibitive Restrictions (e.g., smoking, firearms, alcohol, drugs, video)

Alcohol is not allowed on this event site . Smoking, including the use of e-cigarettes, is not allowed on this trial site. Firearms are prohibited on the property.

DOG INFORMATION

Dog Policies

- All dogs must be on a 6' leash at all times when not searching. NO flexi-leashes while not participating in a competition search.
- Dogs that need space from dogs may wear a red bandana, provided by the dog's handler, to help signal others that the dog needs extra space from other dogs.
- Dogs will be toileted in designated areas and handlers must pick-up and dispose of waste.
- Dogs and handlers must stay in designated areas to avoid contaminating search space, interrupting a search, or from viewing any part of the searching.
- Handlers should expect to keep their dogs confined in a crate or vehicle when not searching. The logistics of an event typically do not allow for dogs to hang out on leash in between searches. Handlers should plan to provide their own shade using canopies or shade cloths.
- Refer to Location Details (above) for information on unentered dogs.

Females in Season

Females in season will be allowed to run wearing "pants" at the end of each search after all other dogs have been judged. Handlers with females in season should park and toilet their dogs away from the other dogs if the location logistics permit. Handlers must email the judymcp@outlook.com so plans can be made for the dog.
